That's what the "Americanized En-

That is just what the "American-

The Encyclopedia Britannica says nothing about such men as Bismarck,

Gladstone, Thomas A. Edison, Kossuth, Blaine, Cleveland, Henry Ward

S. Grant; in fact, nothing of the men who lived in the past few years, whose history is that of the world. The Americanized Encyclopedia Britannica contains the biographics of not only the above great men, but also of thousands of others whose names will be handed down to posterity and cherished by it as great for all time to come.
